Senior International Law Enforcement and Border Management Expert

Under the authority of the project Team Leader s/he will oversee the thematic control border management and the trans-regional fight against organised crime in Central Asia. In this role he or she will be advising stakeholders from partner countries on needs' identification and the tools and actions best suited to address them.

The expert will be part of a team that will run the project and ensure the trans-regional approach within its strategic lines to combat organised crime and control border management.

Based in Bishkek, s/he will frequently travel to the partner countries. The mission will start in by July/August 2026 and is scheduled to last for 38 months.

LIMITE DE CANDIDATURE

10 Juillet 2026

DURÉE DE LA MISSION

Long Terme

ZONE GÉOGRAPHIQUE

Europe Et Asie Centrale

Missions

- Supporting the organisation of transnational and transregional operational coordination meetings, to fight organised crime and to facilitate border management related matters from various regions and EU MS to discuss and plan joint activities;
- Delivering training and capacity building activities (creation/improvement of risk analysis units…) for partner countries competent authorities
- Training, mentoring and capacity building for law enforcement agencies of partner countries and regional actors;
- Ensure the proper implementation of activities, from planning to the collection of indicators.
- Ensure networking with partner countries, as well as with other EU and international projects and organizations active in the region, to avoid duplication of activities.

Profile required

- Former police/law enforcement officer; with an experience in border management: border control and coordination, risk analysis, information sharing, technology, multi-agency law enforcement cooperation, and policies;
- Proven experience in international cooperation, preferably between EU Member States and Central Asian countries.
