Senior IT expert and survey/data analyst

Senior short-term expert

Survey & data analytics manager

for the European Union-funded project "Advance Counter Terrorism for Lebanon Security" (ACT Lebanon)

The project "Advance Counter Terrorism for Lebanon security (ACT Lebanon)" (2020-2023 aims at reinforcing national capacities in Lebanon to react to the threats of terrorism and organized crime while promoting rule of law and human rights, in line with international standards. As the digitalisation of society translates the challenges of terrorism and organized crime into the cyberspace, the project counts as its specific objective 2 to enhance protection and response against terrorism and crime through an improved cybersecurity national system.

CIVIPOL, the operator for international technical cooperation of the French Ministry of Interior, delivering the ACT Lebanon project alongside FIAP (ES, lead) and Armia di Carabinieri (IT) is looking for a senior short-term expert to design and conduct the field survey providing data-driven recommendations for the national awareness-raising campaign on the safe use of social networks, the protection of privacy and the danger of fake news aimed at young people and schoolchildren.

PROFILE

Senior IT expert and survey/data analyst

MISSION:

Supporting the development and implementation of a national awareness-raising campaign on the safe use of social networks, the protection of privacy and the danger of fake news aimed at young people and schoolchildren.

The role and responsibilities of the "Survey and Data Analytics Manager" will include designing and conducting the field survey to gather information and feedback, analysing data to identify trends and insights, and providing data-driven recommendations for campaign strategies. He/she is responsible to gather all the needed expertise in cybersecurity for awareness contents and podcasts. He/she is also responsible for managing MoUs and image rights & privacy authorizations with the participating schools and universities, and other stakeholders involved.

The short-term experts will

- designing and conducting the field survey to gather information and feedback, analysing data to identify

trends and insights, and providing data-driven recommendations for campaign strategies.

- be responsible to gather all the needed expertise in cybersecurity for awareness contents and podcasts.
- manage MoUs and image rights & privacy authorizations with the participating schools and universities, and other stakeholders involved.

DELIVERABLES:

- Campaign Inception Plan, according to the template provided in annex 2.
- Memorandum of Understanding with participating schools and universities.
- Image rights and privacy authorisations signed by relevant stakeholders.
- Field survey:
  - 2 survey questionnaires (for the 2 age groups: 9-14, 15-19).
  - Summary report of the two surveys, including statistics, lessons learned and recommendations on priority issues to be addressed in future national campaigns.

All materials and podcasts should be in Arabic.

QUALIFICATIONS REQUIRED:

Know-how and experience:

- Advance academic degree (Master's level or upper) or equivalent experience related to information technologies
- At least 5 years' experience in online surveys and data analytics
- At least 5 years' experience in training and campaigning on social issues related to information technology (including social media) and cyber security
- Experience in developing and delivering awareness raising campaign, in particular on social media
- Experience in working with youth

Technical and interpersonal skills

- Fluency in English and Arabic.

LOCATION:

Lebanon

DURATION:

25 days

REMUNERATION:

According to skills and experience.

Contract according to the status of the expert.
